

NEAR EAST RELIEF

Richmond, Va., March 26.—Members of Richmond Council, Knights of Columbus, have just contributed \$1,548.37 to the Virginia fund of the European Relief Council for the feeding of 2,500,000 starving children in eastern and central Europe. Herbert Hoover is national chairman.

This subscription brings the total for Virginia up to \$150,000, leaving \$25,000 still unsubscribed. Based on a cost of \$10 for caring for a child until the next harvest, Virginia must yet rescue 2,500 children overseas from starvation. The campaign in the State will be continued until the quota is raised, as Virginia is one of the few states which has not subscribed the amount set by the council headed by Mr. Hoover, Franklin K. Lane and other prominent men.

THE FIRST BAPTIST CHURCH

In spite of other attractions in Alexandria last evening, a large crowd gathered at the First Baptist Church to hear Rev. S. W. Cole, and it was a service of real power. Mr. Cole, with a magnetic personality, relies upon nothing but a faithful presentation of the old time gospel. It has been decided to have service tonight in order that there may be no break in the continuity of the meetings. Of course Sunday will be a climax to the series and it is expected that Mr. Cole will speak to the Sunday School as a whole and also to the Baraca Class. The meetings, which are growing in power and effectiveness, have not thus far brought many accessions to the church, but it is felt that there has been a genuine revival in the membership.

GUNS GUARD OIL PLANT THREATENED BY WORKERS

Houston, March 26.—The Humble Oil Company's Baytown refinery was under armed guard yesterday following threats by several hundred unemployed white men that trouble would be started unless the company discharged its Mexican laborers.

About 100 men gathered at the plant but created no disturbance. Orders were given to "shoot the first man who came over the fence."

BOMB FOR PREMIER FAILS

Rome, March 26.—A bomb exploded on the Rome Lghorn Railway last midnight, shortly after a train from Rome on which Premier Giolitti was supposed to be traveling had passed, the Tempo's Lghorn correspondent reports yesterday, adding it is believed an attempt was made to wreck the train.

The premier, it transpired, was on the train following that which passed just before the explosion.

HAD CHARCOAL FINED \$500

Seattle, Wash., March 26.—William Phillips, a rancher of Port Orchard, Washington, was found guilty by a jury in Federal court here yesterday of "having in his possession two cans of charcoal with intent to use them in the manufacture of liquor." He was fined \$500.

The jury acquitted Phillips of charges of manufacturing liquor and of having liquor in his possession. The jury was out 23 hours.

"Pussyfoot" Leaves for Home

Hampton, Iowa, March 25.—William E. (Pussyfoot) Johnson, prohibition worker, and Mrs. Johnson, departed yesterday for their home at Westerville, Ohio. Mr. Johnson was confined here by a throat affection which made it necessary for him to cancel his speaking engagements for this month.

COLD MOLASSES BELIES HIS NAME IN "THE COUNTY FAIR"

In the annals of rural and racing plays no equine star of the American stage was ever quite so well beloved as Cold Molasses who carried Neil Burgess and his play "The County Fair" through years of recurring triumphs upon the stage. Now Maurice Tourneur has transferred this fine story to the screen and made it the outstanding hit of the year upon the motion picture roster.

This rare attraction is announced for tonight at the Idle Hour Theater. It comes here with the backing of great hits in New York, Chicago and elsewhere throughout the country where it has been given a world of special exploitation.

The story is a familiar one of a typical New England farm community chock full of plain people living their simple lives and pouring out for its big climax to the county fair.

President Limits Casual Visitors to Mondays, Wednesdays and Fridays

Washington, March 26.—President Harding half way closed the doors of his office yesterday when he announced a bit wearily at his conference with newspaper correspondents that he had found he could not see everybody who wants to see the President. Hereafter, the harassed Mr. Harding said he can make engagements with callers only on Mondays, Wednesdays and Fridays.

"I don't mind you saying," Mr. Harding volunteered, "that the Executive has made his first capitulation. He has found that he must have some time to do his work." (Papers then were piled high on the Harding desk.)

The President said the restrictions did not apply to members of the Cabinet nor the press. He will meet newspaper men twice a week, Tuesdays and Fridays. Cabinet officers may drop in when they feel like it, but others, members of Congress, job hunters, politicians and tourists must come only on one of the three days mentioned or when the President sends specifically for them.

Pope Greatly Shocked at News Of Death of Cardinal

News of the death of Cardinal Gibbons reached Pope Benedict in Rome yesterday, according to an Associated Press dispatch.

"Both the church and America have lost one of their greatest men," the Pontiff said, on being informed of the Cardinal's death. "The name of Cardinal Gibbons will go down in history."

His Holiness then knelt at the prie dieu and remained a long time in deepest prayer.

The news came as a particular shock to the Pope, for he had just written a letter of congratulation to the Cardinal, having heard he had recovered his health.

From Capital to Mineola In 85 Minutes, Record

New York, March 26.—A De Havilland plane, which covered the course from Washington to Mitchell Field, Mineola, yesterday in 85 minutes, is believed to have established a new time record for the flight. It was piloted by Capt. William Richard Wainwright, Assistant Secretary of War.

The best previous record within the memory of those at the field was 90 minutes. Col. H. B. Claggett flew in a D. H.-4 from Washington to the Statue of Liberty in 84 minutes on August 3, 1919. The distance is reckoned at 210 miles. Mineola is about 15 miles farther from the capital.

The De Havilland that Ocker drove was equipped with a 400-horsepower Liberty motor. It left Washington at 2:35 o'clock and landed at 4 o'clock. Flying conditions were reported perfect all along the route. Assistant Secretary Wainwright was a colonel in the A. E. F. He made an inspection on Mitchell Field after alighting, expressed his satisfaction with the conditions of the field and its equipment.

and decided that the aerodrome should be much enlarged.

CANCER GERMS "FEED" RATS

Columbia Scientists Learn How To Inoculate Animals

New York, March 26.—Inoculation or "feeding" of animals with a parasitic irritant obtained from intestines of cats has proved a successful means of cancer reproduction, it was learned yesterday at the George Crocker Cancer Research Laboratory, Columbia University. According to Dr. Francis Carter Wood, director of the laboratory, the disease has been developed in a large number of rats simultaneously. The discovery is considered highly important from a stand point of scientific experimentation.

Dr. Wood says cancer can be reproduced in about 50 per cent. of the white rats utilized by the laboratory in advanced research work. The failure of the remaining 50 per cent. to develop the disease has convinced him that there is some tissue predisposition which is yet to be explained.

N. Y. Marine Strikers Go Back to Work

New York, March 26.—Marine engineers and officers on ocean-going tugs along the Atlantic Coast, who went on strike yesterday in protest against wage reductions, have returned to work pending conciliation by the Department of Labor.

This message was sent to the department last night by Thomas B. Healey, chairman of Marine Engineers' Beneficial Association. He also sent a message to Secretary of Commerce Hoover, thanking him for his intercession. Orders for marine workers to return were dispatched to all affected Atlantic ports by Mr. Healey.

VIRGINIA.

In the Clerk's Office of the Corporation Court of the City of Alexandria, on the 21 day of March, 1921.

Mary T. S. Berger, complainant vs. Bernard L. Berger, defendant. In Chancery No. 1461.

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say, "It's just a cold." It may turn into backache, rheumatic aches, aching joints. Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys overwork to filter the blood. Colds often leave the kidneys weak. First break the cold; Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly especially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and, thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

ANNUAL MEETING

The annual meeting of the stockholders of the Alexandria Real Estate and Investment Corporation for the election of a Board of Directors for the ensuing year and the transaction of other business, will be held at the rooms of the Chamber of Commerce, Alexandria, Virginia, Monday, April 11, 1921, at 3 o'clock p. m.

W. Albert Smoot, President. William P. Woolls, secretary.
